SUMMARY

Statistics graduate with a strong analytical foundation and hands-on experience in reporting, documentation, and organizational leadership. Proficient in Advanced Excel, Power BI, SQL, Python, R, and IBM SPSS for data modeling and strategic reporting. Proven track record in managing large-scale teams and high-stakes projects for partners including UNDP, LG, and Grameenphone. Seeking an entry-level Data Analyst, MIS, Business Intelligence, or Reporting Analyst role.

TECHNICAL SKILLS & CORE COMPETENCIES

Technical Skills & Tools: Advanced Excel (Pivot Tables, Power Query, Data Visualization, VLOOKUP/XLOOKUP, Formulas, Conditional Formatting) • Power BI (Power Query, Data Modeling, DAX, Interactive Dashboards) • Python • R • MS Office • HTML • CSS • jQuery

Statistical Methods & Modeling: Statistical Analysis • Regression Modeling • Hypothesis Testing • Data Cleaning & Validation • Dashboard Development • Data Visualization • Report Writing

Operational Competencies: Workflow Optimization • Process Documentation • Strategic Planning • Stakeholder Engagement • Team Supervision • Resource Allocation • Presentation • Problem-Solving

PROJECTS & PORTFOLIO

HR Attrition Analysis | Power BI | Power Query | DAX | Data Modeling [\(Link \)](#)
• Built an interactive workforce report covering headcount, attrition, salary bands, job roles, departments, overtime, satisfaction, and work-life balance.
• Prepared Excel source data in Power Query and created reusable DAX measures; report shows 1.47K employees, 237 exits, and a 16.12% observed attrition rate.

Healthcare Analysis | Power BI | Power Query | DAX | Data Modeling [\(Link \)](#)
• Transformed eight healthcare source tables into an analytical model for billing, treatment, medication, insurance, procedures, diagnoses, departments, and geography.
• Created a dynamic date table, reusable KPI measures, interactive filters, and a location field parameter; report surfaces approximately \$3.36M in billing.

AdventureWorks Sales Analysis | Power BI | Power Query | DAX | Star Schema [\(Link \)](#)
• Built an end-to-end BI solution combining sales, customer, product, geography, calendar, and returns data into a centralized reporting model.
• Applied append/merge transformations, time-intelligence DAX, and executive/product/customer/regional dashboards; analysis generated \$24.91M revenue and \$10.46M profit.

Sales Tracker Automation | Google Sheets | Custom Macros | Data Validation | Dashboard [\(Link \)](#)
• Designed a Form -> Database -> Dashboard workflow with controlled entry, validation, automated record insertion, and live management reporting.
• Used custom macros to reduce repetitive copying, sorting, and formatting while keeping the master database protected from direct field editing.

Excel Skills Portfolio | Excel | Power Query | PivotTables | XLOOKUP/VLOOKUP | INDEX-MATCH [\(Link \)](#)
• Built practical workbooks covering data cleaning, Power Query transformations, lookup and criteria-based analysis, date calculations, conditional logic, and structured reporting.
• Applied the skills to business-oriented cases including sales, customer, product, employee, profitability, and retail analysis.

EDUCATION

MS in Statistics (Thesis Defended 2025) University of Barishal CGPA: 3.31/4.00	2022 – 2023
BS in Statistics (Exam Held 2023) University of Barishal CGPA: 3.16/4.00	2018 – 2022
HSC in Science Narail GOVT. Victoria College GPA: 4.75/5.00	2018
SSC in Science Maizpara Secondary School GPA: 5.00/5.00	2016

LEADERSHIP & OPERATIONAL EXPERIENCE

Barishal University IT Society (BUITS) <i>Secretary General</i> Dec 2023 – Dec 2024	Feb 2019 – Dec 2024
• Directed an operational team of 35+ personnel to execute 30+ large-scale projects, ensuring deliverables met institutional timelines.	

- Served as primary liaison with institutional partners including UNDP and Grameenphone; received a Certificate of Appreciation from UNDP for delivering a high-impact event.
- Honoured with the Best Committee Member Award, BUTTS (2022–2023).

Office Maintenance Secretary | Nov 2022 – Nov 2023

- Reduced manual paperwork by 60% by implementing digital registration and process documentation workflows.
- Managed corporate sponsorship contracts with partners including LG (UltraGear); received the Dedicated Organizer Award and Best Volunteer Award (2020–2021).

CERTIFICATIONS & TRAINING

- **Data Science with Python:** Ministry of ICT & Department of CSE, University of Barishal
- **Aspire Leaders Program (2025):** Aspire Institute (Founded by Harvard University Faculty)
- **Web Development:** Creative IT Institute

PUBLICATIONS & RESEARCH

- **Nandi, D.,** Barai, P., & Ali, M. (2025). NAVIGATING ECONOMIC REALITIES: A COMPREHENSIVE STUDY ON INCOME DYNAMICS AND ITS CONSEQUENCES ON THE UNIVERSITY STUDENTS | 13th International Conference on Social Sciences & Humanities (ISPEC), Dubai, UAE. | Available: <https://www.researchgate.net/publication/396250930>
